
AEON-NG-HG10 & AEON-NG-HG15 MATERIALS COMPATIBILITY

Rubbers & Elastomers:

Recommended

EPDM
Buna N (Butadiene Acrylonitrile Copolymer)
Butyl K53 (Butyl Rubber)
EPR Ethylene (Propylene Diene Copolymer)
Kalrez (Perfluoroelastomer)
Natural Gum Rubber (Polyisoprene)
Natural Red Rubber (Polyisoprene)
Neoprene (Chloropolyisoprene)
Silicone Rubber
Thiokol (Polysulfide)
Viton A (Floroelastomer)*
White Asbestos

Fair

Buna S (Butadine Styrene Compolymer)
Hycar (Butadiene Acrylonitrile Copolymer)
Hypalon (Chloro-sulfonated Polyethylene)
Natural Black Rubber (Polyisoprene)

Paints & Coatings:

Recommended

Catalyzed Epoxy
Epoxy-Phenolic
Modified Phenolic Coatings

Not Recommended

Alkyd Coatings
Vinyl Coatings

Gardner Denver Inc.
Master Distribution Center
5585 East Shelby Drive, Memphis, TN
Phone: (901) 542-6100 FAX: (901) 542-6159

Metals:

AEON-NG-HG10 & AEON-NG-HG15 will not corrode steel, iron, copper, bronze, or other metals normally used in lubricating systems.

For further information regarding materials compatibility, contact Gardner Denver Inc., Master Distribution Center, Technical Services, Phone: 901-542-6100.

* Recommended in systems handling hydrocarbon gases.
